OX[®]

THUNDER 7-1/4-INCH CIRCULAR SAW BLADE | 24-TOOTH

Built with the tradesman in mind, the OX Pro Thunder Circular Saw Blade | 24-Tooth is made in Australia. This precision-engineered saw blade integrates advanced features tailored to meet the demands of professionals. Its OXLOK[®] Carbide Tooth Brazing Technology ensures exceptional cutting performance and longevity, allowing it to withstand rigorous use across various cutting applications. The saw blade undergoes a tempered surface treatment and anti-friction finish, enhancing its durability and minimizing friction during operation for smoother cutting experiences. With a durable carbide grade offering ultimate shock resistance, marked as M9, this circular saw blade guarantees reliability and resilience when tackling tough materials, providing consistent and precise cuts on job sites.
